

## We've changed.

Back when we first got to know each other, **Fluidly** brought you **Intelligent Cashflow forecasting** to help you manage your clients' finances more efficiently.

Now, a few years (and award wins) on, we can do so much more...

Introducing **Goal Planner**, the tool that shows you how scenarios - from hiring staff to product launch - will affect your clients' future cashflow.

**Fluidly's Goal Planner** helps you answer your clients' most pressing financial questions almost instantly.

When it comes to cashflow management, **Fluidly** helps you answer the *what? so what? and now what?* All in one easy to use platform.

It's no wonder **Xero** named us the **2020 Practice App of the Year**.

Book a call with your account manager today to find out how **Fluidly's** new tools can help your practice.

In the meantime, you can learn more by signing up for one of our free webinars.
